## Work Experience

**Chief Technology Officer | Jobox (Pty) Ltd: May 2019 - Present**

Jobox is a student work experience platform which connects businesses with high-quality students. We work together with higher education institutions to find the best candidates, improve graduate employability, and provide data-driven insights. <https://www.jobox.co.za>.

I am a co-founder and the creator of the Jobox platform. We use a variety of technologies to enhance our services to our external customers which I oversee and manage with the team.

## **Business Intelligence Freelancer | MMS Africa: May 2019 – June 2019**

MMS Africa is a private business that offer services to all broadcasters to manage advertising operations functions on their behalf through systemised airtime management solutions.

I had developed internal Microsoft Power BI reporting's with the capability of filtering through the different visualisations. The reports are embedded on a website and are configured to communicate with the databases using a data gateway for the reports data to automatically refresh in the cloud.

## **Software Developer | nVisionIT: January 2017 – May 2019**

nVisionIT (Pty) Ltd is a software solutions company that offer services such as Web Development, Cloud Infrastructure, DevOps Services, Mobile App Development and System Integration.

I designed, developed, and supported Web Applications, Web Services, Business Intelligence reports and dashboards, and integrate applications to corporate companies such as Marsh Inc., Steiner Hygiene, Bid Travel and BidTrack and government organisations such as OBS (Ombudsman for banking services), NPA (National Prosecuting Authority) of South Africa, CIDB (Construction Industry Development Board) and SHRA (Social Housing Regulatory Authority).

## **Web Developer | Rera Language School: June 2018 - July 2018**

Rera Language School is a private business that provides children and adults the opportunity to learn African languages.

As a part-time freelance project, I developed the existing Rera Language School's website, <https://www.rera.africa>.

## **Project Management Tutor | Monash University South Africa: July 2016 – November 2016**

Project Management is a 2nd year module that teaches the practice of initiating, planning, executing, controlling, and closing the work of a team to achieve specific goals and meet specific success criteria at the specified time.

I had over 50 students across 3 different class per week. My responsibility was to help students learn, reviewing content with them, explaining how to solve problems, checking completed work, and marking assignments and presentations.

## **Supervisor | Exclusive Books: September 2014 – December 2016**

Exclusive Books is one of South Africa's largest bookselling chains.

Supervising the night staff team has taught me valuable managerial experiences. My responsibility was organising workflow, delegating tasks, and ensuring that employees understand their duties. Furthermore, I monitored employee productivity and providing constructive feedback and coaching. These helped me improve on my communication skills, sales skills, merchandising skills, and marketing skills. I gained knowledge on stock taking, cashing up, stock ordering and creating the employee timesheets every fortnight.

### **Customer Assistant | Musica: February 2014 – September 2014**

Musica is one of South Africa's music selling chains.

As a part time customer service employee, I had begun to learn to balance my studies with my first practical working experience. My responsibility was broken into the 4 parts. Firstly, aiding customers to ensure they find the right product. Secondly, communicating with customers by email, phone, and face-to-face. Thirdly, investigating and solving customer problems. Lastly, handling the cash register by ringing up sales and cashing up the tills.

## **Certifications**

### **Microsoft**

I have written the following exams:

- **Microsoft Exam: 70-778:** Analyzing and Visualizing Data with Microsoft Power BI
